# Guest Juror Bios

**Kevin Alter** is the principal of Alterstudio Architecture, the Sid W. Richardson Centennial Professor of Architecture, Associate Director of the Center for American Architecture and Design, and Director at UT.

**Cynthia Davidson** is executive director of the nonprofit Anyone Corporation architecture think tank in New York City and editor of the international architecture journal Log.

**Seng Kuan** is an assistant professor at the University of Tokyo and lecturer at the GSD. He is a specialist on modern Japan and has written extensively on Kenzo Tange, the Metabolists, and Kazuo Shinohara.

**Jing Liu** is founder of SO-IL and adjunct associate professor at GSAPP since 2008. Her area of interests include private home, urban design for an open society, considered habitation of earth systems, indeterminate forms, and expanded aesthetics.

**Kyle Miller** is an Assistant Professor in Syracuse University's School of Architecture and Co-Founder of Possible Mediums, a curatorial project comprised of events and a publication, which showcases design investigations based in speculative architectural mediums.

**Charlotte von Moos** is the director of Sauter von Moos, an architecture studio established in Basel, Switzerland and as of late based in Miami. Since 2018, she is Assistant Professor at the University of Miami School of Architecture.

**Elena Tudela** is the co-founder of ORU (Office for Urban Resilience) and associate professor and researcher at the School of Architecture at UNAM Mexico City, where she is currently finishing her PhD on resilience and urban design.

**Kim Yao** is Principal of Architecture Research Office (ARO) in New York City. She is currently Adjunct Assistant Professor of Architecture at Columbia University's GSAPP.

**Hilary Ybarra** is an experienced designer, writer, and educator, currently acting as Principal of the Platform Investment Group, a design-forward commercial real-estate development firm in Houston.
